BULLETIN HOUSE GETS STRANDED

Students Find Ancient Structure Assuming Precarious Angles In Center of Swan Lake.

The old bulletin house, which is now being moved across the duck pond to its new position beside the cemetery, has been an object of much interest among the students for the past few days. Its uncertain progress has been the cause of many comments and wagers as to the probability of its ever reaching the other side of the pond safely. The ice is thawing rapidly and, unless the work is speeded up a little, it looks as if the historic old house will furnish a fine home for the mythical ducks which are supposed to inhabit the pond. Some have suggested that, had the work been delayed until the ice was out of the way, the workmen would have experienced less difficulty in trying to float the future hen coop over the muddy water.

"MIDNIGHT" RESIGNS AS WATCHMAN

Peculiar Character Leaves Storrs For Better Position

Students on the "Hill" will be grieved to learn of the departure of Simeon Gladhill, night watchman at the college and popularly known as "Midnight." He has left to take a position in a neighboring town. It was with some difficulty that his real name was ascertained because of the fact that everyone knew him by his nickname. It was a familiar sight on the "Hill" to see "Midnight" with a lantern in his hand and his faithful dog at his heels bobbing around the campus. The bowling alleys in the armory used to claim a great deal of his spare time, and he had a mania for strikes and spares, sometimes spending two or three hours at a stretch bowling.

POSTER PRIZES

Don't forget the \$5 prize offered by the State College Players for the best design suited for their posters and letterheads. Remember that the designs must be in by March 26. It's a chance of a lifetime, Aggies. Five dollar bills do not grow on apple trees around here.

Litchfield And Terryville Win Way To Tournament Finals

CHAMPIONSHIP GAME SCHEDULED FOR TODAY

School Boys In Annual Tourney at Storrs.—Competition Keen as High School Teams Strive For Interscholastic Championship

The first round and semi-finals of the interscholastic tournament for Class C and D high schools took place here last Friday and Saturday. Four teams were eliminated in the first round and two in the semi-finals.

On Friday afternoon three games were played and some fast basket ball shown. In the first game the Litchfield High school defeated the Collinsville High school in a close game, 26 to 24. Guilford High school won easily from Ridgefield High school 23 to 13. The fastest game took place late in the afternoon when the Leavenworth High school of Waterbury defeated the Shelton High school in the last minute of play, 20 to 19.

As a preliminary to the Connecticut and Rhode Island Freshman game, Branford High school was eliminated by Terryville 23 to 17.

Litchfield and Terryville came through in the semi-finals on Saturday morning. The Litchfield High school defeated the Guilford High school five, 30 to 20, and the Terryville five won from the Leavenworth High school of Waterbury, 14 to 11.

Captain Crutch was the outstanding star of the tournament to date scoring seventeen points in both games. The Litchfield star displayed a neat floor game and his work alone has kept the Litchfield five in the running.

Branford was expected to come through this year as they had defeated some of the best high school fives in the state. They met a tartar in Terryville and went down to defeat.

Litchfield, the playing through champions, will stack up against Terryville on March 19, for the final game of the tournament. This arrangement was made so each team would have an equal rest before their hardest game. Litchfield has already played the Terryville team twice, winning at home and losing at Terryville. Both teams have played good basket ball and it would be impossible to pick the winner.

In the first game of the tournament the Litchfield "Cowboys" defeated the Collinsville High school five, 26 to 24. Captain Crutch, right forward on the Litchfield five, starred scoring six field goals and five foul goals for a total of seventeen points.

The summary:

LITCHFIELD	COLLINSVILLE
Crutch, rf	rf, R. Curry
A. French, lf	lf, D. Curry
C. French, c	c, C. Morony
Tyrrell, rg	rg, Jenny

Plans Well Under Way For Annual Dance

Friday, April 16, has been set as the date for the Co-ed Formal, and plans are well under way which will make this one of the feature dances of the year. According to Miss Hutton, Chairman of the Committee, Cavallo's Orchestra will play. There are to be sixteen numbers with two extras, four being moonlights. A novel plan is to be introduced in regard to the moonlight effects, as well as to the entire decorative scheme in which jade and Nile green with pastel shades of other colors will be used. As usual the programs will be individual, each girl making her own. Patronesses will be from the Home Economics Faculty. Many old alumnae are expected to return for the dance.

PLANS COMPLETED FOR ATHLETIC NIGHT

John Kuhl, chairman of the committee in charge of the Athletic Night which is to be given tonight, has concluded the following program: The principal speaker of the evening will be Dr. Henry K. Denlinger, who will speak on the "Intelligent Athlete." Coach Dole and Mr. Hollister, President of the Alumni Association, are also scheduled to give short addresses. President Charles L. Beach will act as toastmaster. The College Orchestra and the male quartet will furnish music for the occasion.

FRESHMEN LOSE TO RHODY CUBS

Yearlings Show Fight.—Superior Team Takes Second Game of Season.

Connecticut Aggie Freshman basketball team closed their season last Saturday night when they lost a hard fought encounter to the Rhode Island State yearlings by the score of 24 to 16. The visiting quintet took the lead at the beginning of the tussle, and despite the efforts of Coach Alexander's players, they were never headed during the game. The Aggie "Frosh" put up a fighting brand of basketball, but could not locate the hoop with any degree of regularity. Rhode Island piled up seven points in the first quarter, while the Aggie freshman failed to register in the scoring column. In the second quarter Rhody maintained their lead, while the Nutmeg cubs counted with six points. The score stood 14-6 at intermission.

In the second half the Blue and White yearlings succeeded in scoring ten points and keeping Rhode Island to the same number of points. The lead was too great, however, and the final count found Rhody in the lead by the count of 24-16. This is the second victory of the season that the Rhode Island freshmen have registered over the Connecticut freshmen.

Summary:

MAINE GIRLS WIN FROM C. A. C. CO-EDS

Nutmeg Sextet Lose by Seven Points

Connecticut Co-eds lost to the Maine University basketball team last Saturday, at Orono, by seven points, the final score being 23-16. In the first half Maine was far in the lead with a half-time score of 13-5; but in the second half Grant, at right forward, played a fast game, bringing up the Connecticut score.

The lineup was as follows:

CONNECTICUT	MAINE
Grant, rf	rf, Winslow
Murphy, lf	lf, Hunt
Hopkins, c	c, Bennet
Buell, sc	sc, White
Kennedy, rg	rg, Hughes
Bartle, lg	lg, Perkins

Substitutions: Connecticut: Ellis, Mills. Maine: Fuller, Eaton, Sawyer.

SCHOFIELD TO LEAD 1927 QUINTET

Popular Athlete Unanimous Choice of Teammates.—Is Three Letter Man.

William Schofield, recently elected captain of the basketball team for the 1926-27 season by a unanimous vote, has had an enviable athletic record.

Schofield, a graduate of Crosby High in Waterbury, entered the college with the class of '27. He had been a three letter man in high school, and during his freshman year at C. A. C. proceeded to demonstrate that his reputation was no false alarm. He made his numerals in football, basketball and baseball. He also had the distinction of being captain of the 1927 freshman baseball team.

His sophomore year witnessed him holding down berths on three varsity teams—quarterback on the football team; star forward on the basketball team, and crack second baseman on the baseball team. It was during his second year at the college that he was selected as forward on the All New England basketball team.

This year as a Junior Schofield again held down the position of quarterback on the football team. He starred in basketball, being high scorer on the team for the season which ended recently. Schofield is also active in non-athletic activities, being a member of the Mediator, Vice-President of the Varsity Club, and Vice-President of the A. A. He is a member of the Alpha Gamma Rho.

LARGE NUMBER OUT FOR FOOTBALL

Over Forty Candidates Report For First Practice

Spring football practice began in an auspicious manner last Monday, when forty candidates for the 1926 Aggie football team reported to Coach Sumner A. Dole.

The following men reported for first Spring football practice: Kennedy, Fin, Bergren, Gillette, Whitney, Acherman, Knaut, Powers, Gilman, Sayers, Usher, Bjork, Geisler, Dorrance, Aaron, Lundberg, Schaefer, Anderson, Hoadley, Rotner, Eddy, Callahan, Sturtevant, Noonan, Hooper W., Haversat, Root, Brown, Peck, Bushnell, Achenback, Reeve, Williams, Libutzke, Schofield, and Logan. Several other candidates have since reported.

CO-EDS PLAY DEAN TOMORROW

The Co-ed Basketball season will close tomorrow afternoon when they will play Dean Academy at Storrs. The line-up for the game will probably be the same as that of the Maine game.

SENIORS WIN FROM JUNIORS

School of Ag. Swamped by Frosh.—Sophomores Remain In Lead

	W.	L.	Pct.
Sophomores	5	1	.833
Seniors	5	2	.714
Freshman	4	4	.500
Juniors	3	4	.429
School of Ag.	0	6	.000

Two games were played the past week in the interclass league with the Seniors and Freshman coming out on top. The Seniors defeated the class of 1927, 12 to 11, in the final minutes of play. The Yearlings ran away with the School of Ag. five by the score of 22 to 2.

In the first game the Seniors came from behind to defeat the Juniors by one point. At half time the score was even at six all. Putnam starred for the Seniors, while Smith was the leading scorer of the Juniors.

The summary:

SENIORS	JUNIORS
Rabinowitz, rf	rf, Lorentzen
Putnam, lf	lf, Fine
Speers, c	c, Smith
Filmer, rg	rg, Gray
Brink, lg	lg, Ajello

Score: Field goals: Seniors, Putnam 2, Brink. Juniors: Smith 4, Fine. Foul goals: Seniors: Putnam 3, Speers 2, Filmer. Substitutions: Juniors: Whaples for Ajello. Referee, Jacoby. Time, four eight-minute quarters.

Norstrum shot a field goal for the only score that the School of Ag. made against the Freshman five. The score was 22 to 2. The Freshmen kept the School of Ag. five from scoring in the last half. Alperin scored five goals for the Freshman.

The summary:

FRESHMAN	SCHOOL OF AG.
Goldsmith, rf	rf, Visny
Champion, lf	lf, Thorpe
Alperin, c	c, Norstrum
Reeves, rg	rg, Wallenburg
Williams, lg	lg, Jarvis

Score: Field goals: Freshman, Alperin 5, Champion 2, Goldsmith, Moses, Williams. School of Ag., Norstrum. Foul goals: Freshman, Goldsmith and Williams. Substitutions: Freshman, Moses for Alperin. School of Ag., Abrahamson for Thorpe. Referee, Bitgood. Time, four eight-minute quarters.

Hard work, less leisure time, or leisure time better used would make better college students, according to President James Rowland Angell of Yale University.

BASEBALL MEN BEGIN PRACTICE

Five Letter Men Among Candidates Reporting.—Captain Seymour On Sick List.

Coach Dole called the first meeting of the baseball squad on Tuesday, March 16. Seventeen aspirants answered the call and as many more were noticeable by their absence. Captain Seymour, who is just recovering from an illness, was unable to attend. Many of last year's veterans were on hand, and with Afern, Makofski, Gilbert, Nanfeldt, Schofield, the coach will have a nucleus around which to build a team.

The schedule is as follows:

TRACK SQUAD IN DAILY PRACTICE

Large Number Report to Coach Daly.
—Freshmen Expect Good Team.

Judging by the present indications, prospects for a successful track season are excellent. Daily practice under the guidance of Coach Daly has brought to light much promising material both from Sophomore members of last year's Freshman team and from several upperclassmen who have shown up well in competition with veterans of last season's varsity squad. Captain Quigley, Smith, Longo, Hohn, Mulligan and Bitgood, lettermen of the 1925 team, will be available for the coming season. Considerable interest and talent among the Freshmen point to a favorable outcome of the meets that have been arranged for the Freshman squad.

Manager Gaylord has scheduled six meets of which two will be sec-

tional contests among New England colleges. The complete 1926 Varsity schedule follows:

April 24 Wesleyan at Middletown
May 1 Rhode Island at Storrs.
May 8 New Hampshire State at Durham.
May 15 E. I. A. A. at Worcester.
May 21-22 N. E. I. A. A. at Boston.
May 29 Trinity at Storrs.
Freshman schedule:
May 13 Dean Academy at Franklin.
May 20 Rhode Island Freshmen at Storrs.

The Secret of How This Graduate Made a Five Figure Income In Five Years

LIVED in Newark, Ohio.

His folks wanted him to go into some business around home.

Wasn't a thing in the town that he wanted to drudge along in.

Figured that having spent four years at college, he didn't exactly cotton to tying himself down to "just a job."

Neither did he want to go into his father's old business.

So you see, it was the same old story so many of you college fellows have to have sooner or later.

Being a red blooded, two fisted kind of a fellow, with lots of pep and go, he wanted to get into something where he wouldn't have to keep all bottled up.

Looked around a lot during his college days, and finally decided he would build some greenhouses and grow lettuce and tomatoes.

From the very start he made money.

That was 12 or so years ago.

Now he and his Dad have a fine residence on top of a hill, and from their porch now look down on acres and acres of greenhouse-covered fields of lettuce and tomatoes.

Both of them are having the time of their life.

If Carl Weiant of Newark, Ohio can do all this, so can you.

We'll build you the greenhouses and help you in every little detail of getting started.

Write us. Let's get the idea working and plans started.

If interested write to the Manager of our Service Department, Ulmer Building, Cleveland, Ohio; who will give it his personal attention.

DR. LANDAUER TO ADDRESS CO-EDS

Dr. Walter Landauer, a member of the Genetic Department of the college, will speak to the Monticelli Arts Society, Monday, March 22, at seven o'clock in Holcomb Hall.

The subject of Dr. Landauer's talk will be Mary Wellner, whom he considers to be the greatest woman artist. During the course of his lecture he will exhibit several of the artist's etchings.

TO IMPROVE CHURCH GROUNDS

Plans are being made to completely obliterate the two roads which pass by the Community House and Storrs Church. The only part of these highways which will be retained will be a short passage leading up to the Community House. This action is taken in an attempt to make the grounds about these buildings more beautiful. Expert landscaping will be employed to bring the best effect. Since the removal of the bulletin house and school building, greater possibilities for a pleasing terrace have made themselves evident.

The roads are to be replaced by a more efficient highway which will pass at the foot of the hill upon which the Main building stands.

STEPHEN A. LACKO

Stephen A. Lacko, 26, a senior in the School of Ag., died suddenly at his home in Wallingford, Conn., last Friday evening. He had been in ill health for some time and upon contracting pneumonia failed to recover from the attack.

Here at Storrs he was well liked by his fellow members and made many friends. Had he lived, he would have graduated with his class on the 27th of this month.

He was a member of the Two Year Club and held the office of secretary. His presence will be missed about the campus.

FRESHMEN CLOSE COURT SEASON

Win Four and Lose Six Games.—

Scholastic Difficulties Hamper Team.— White Tops Scorers.

A review of the Freshman basketball season shows that the Yearlings came through with four victories and six defeats. This is not the best record achieved by a freshman team at Connecticut, however, but the team experienced many hard breaks during the season.

Following mid-year exams, Coach Alexander was required to build up an entirely new quintet around Captain White. Four of the regulars, Hewitt, Croze, Sahagian, and Fasset experienced scholastic difficulties and became ineligible.

The remainder of the season saw the first team made up of Captain White and Anderson at the forward positions, Ellovitch, a new-comer, at center, and Dall and Schildgren in the back court positions. Tarling, Callahan, and Garber rounded up the roster of the team.

The freshmen seemed to have contracted a habit of beating strong teams and losing to comparatively weaker teams. This was particularly noted when the Tufts Freshmen went down to defeat in an overtime game, and when Trinity Junior Varsity came through with a surprise win.

Captain White was the outstanding star of the team, turning in some brilliant performances on the court. He easily topped the scoring list and proved himself an able leader for his fellow teammates.

Record of games played:

Connecticut 19	Tufts Freshman	17
Connecticut 36	Suffield Prep.	14
Connecticut 22	Springfield Frosh	25
Connecticut 7	Trinity Jr. Var.	14
Connecticut 31	Holy Cross	19
Connecticut 14	Roxbury Prep	24

Princeton University authorities announced that seven athletic captains had won high scholastic honors during the past year.

SAFETY VALVE

To the Editor:

The article in last week's issue of *The Campus* in favor of military training covers the field pretty thoroughly but here are a few points that should be brought up. We all recognize the many benefits that we have through the possession of a large armory, such as Hawley Armory, but we do not stop to realize that if it were not for military training at C. A. C. we would not have it. The armory is state property and has in it one of the largest and best equipped gymnasiums in New England.

The history of the world shows that at certain periods of time, wars occur and this fact must be accepted as true. Since there will be more wars preparedness is an absolute necessity, as was shown in the last war. There are two ways of doing this: one is to have a large regular army, and another is to keep a citizen army. The great objection to the first method is that it would cost too much and that it has monarchical features. During the last war there was an enormous number of men killed because of their lack of training. One of the greatest needs was for men who had had training enough to be officers. During the last war it was found impossible to produce an officer by three months' training in a training camp. The aim of military training here at C. A. C. is to train men in this kind of leadership so that during time of war they will be able to fill the officer's job. Before closing I should like to quote a few lines from an address made by President Campbell of the University of California which covers quite a lot of ground. He said in part, "Compulsory military training needs no apology or defense. The student who may be called upon to defend his country should know something about the ways and means of defense for the same reason that a student of engineering should know some calculus or a student of history should know some geography. The compulsory feature seems to be disliked by a number of people some of whom have good American names but many of whom have thoughts as well as names which hail from Russia or thereabouts. We Americans are not warlike, war has no attraction whatsoever for us, in fact we abhor it. The fact remains, however, that war does come and it is better to be prepared for it than otherwise."

A FRESHMAN.

To the Editor:

It seems apparent by the last two issues of *The Campus* that your request to use the Safety Valve has not been neglected. In a recent issue our secret societies, which go under the camouflage of fraternities, were criticised for their methods of rushing new men. Last week the army was called into the saddle. As I am a non-fraternity man and non-militaristic, I will criticise from what you might call a social angle.

There seems to be a great deal of comment around the Hill about the Saturday night melés. It is not comment indicting the Social Committee for the entertainments they put on, but the way the male students adorn themselves. There is no rule that says you must come in grande parure only at the Formal dances, and there will probably never be one. Nevertheless, a student should be gentleman enough to wear a white shirt and a coat when he comes over to the dances.

Lately, several students have come to the dances clad in lumbermen's shirts, which should be worn only at log rolling contests, and sweaters. This is not only embarrassing to the girls, but to the faculty and other people who may be present.

Of course we are not all John Harvards and Joe Yales with beaucoup money, but with a little time and effort most of us could at least put on a white shirt and a coat when we attend the Saturday night performances.

A STUDENT.

Boy's Composition on Ducks: The duck is a low, underslung, heavy-set bird, composed mostly of meat, bill and feathers. His head sets on one end and he sets on the other.

There ain't no between to his toes, and he carries a toy balloon in his stomach to keep from sinking.

The duck has only two legs and they are set so far back on his running gear that they come durn near missing his body.

Some ducks when they get big are called drakes. Drakes don't have to set or hatch; just loaf, go swimming and eat. If I had to be a duck I'd rather be a drake every time. Ducks don't give milk, but eggs, but as for me, give me liberty or give me death.

Storrs 10 Years Ago

From the Lookout and Campus

A new burglar alarm and fire whistle was installed at the pump house in the rear of the Main Building. It was tried out every Saturday noon.

Statistics showed that the earning capacity of every man graduating from a university was increased by about \$20 a day for every day of the four years he is ordinarily in college as to the extent of \$24,000 for his live-earnings' period. These figures are based on public school training providing a life-earning ability of \$32,000, high school training, \$48,000 and University training \$72,000.

"Thousands of young people were asking: 'Can I get into college?' It would be well for them to ask: 'Will I be able to stay in college after I get there?'"

The trouble with many boys when they enter college is not that they have had bad habits, but that they have no habits at all; not that they are going wrong, but that they are not going anywhere.

They are versatile, attractive and aimless.

They cannot focus their minds for an hour on any object or subject.

They are distracted minds, bundles of scattered energies.

They know a hundred things on the surface, nothing down to the roots.

They have ten times as much information as their father had at the same age, and yet do not know the meaning of work.

They can tell the name of every automobile that whizzes by the front door, but cannot solve any problem that demands twenty minutes of honest thinking.

They are not 'self starters;' they must be cranked by some teacher, or they cannot move.

To be prepared means to have acquired a real ambition. It means the power to say 'no' to foolish things and 'yes' to the big things of life."

But she's queen of Holcomb Hall.

She has a shape, she shows a figure,
She drinks, she chews, she smokes.
Her knees are bare; she has no hair,
She's not like other folks.

She lures the men from far and wide,
She vamps them; and they fall.
But she'll never make a farmer's bride
For that was not her call.

**When old grads
drop in—and around the
fire experiences of then
are fondly retold
—have a Camel!**

WHEN famed men return. And by dancing firelight they relate their stories of old—have a Camel!

For Camel helps all men who rise proudly to rise higher and more jauntily. Camels never harm or tire your taste, no matter how plentifully you smoke them. You'll never find more friendly flavor than you get in Camels.

So this night when those from long ago return to think of the roads that join. As you see in their past your future unfold, then zestfully taste the smoke that's prized by the world's experienced.

Have a Camel!

Into the making of this one cigarette goes all of the ability of the world's largest organization of expert tobacco men. Nothing is too good for Camels. The choicest Turkish and Domestic tobaccos. The most skilful blending. The most scientific package. No other cigarette made is like Camels. No better cigarette can be made. Camels are the overwhelming choice of experienced smokers.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.

EDUCATION DEPT. ATTENDS CONFERENCE

Miss Knappenberger, Mr. Hypes and Mr. Gentry, of the faculty, recently attended the Federal Board of Vocational Workers' Conference held in Washington, D. C. This conference was attended by representatives of the northeast region of the United States. It was divided into three separate divisions, Agricultural, Home Economics, and Trades and Industry. These three divisions met together in a general conference, and considered part time education in agriculture for boys of the ages of 16 to 20, who were out of school. Many addresses were given by prominent speakers. Senator Ferris of Michigan gave a talk on "Avoiding the Lock Step in Education"; Senator Capper of South Carolina on "Pending Proposals for Farm Legislation"; ex-Gov. Cooper on "Work of Farm Loan Board," and Mr. Christensen on "Cooperation Among Danish Farmers."

A secret order among sophomores at the Massachusetts Agricultural College, patterned after the Ku Klux Klan, has taken the law into its own hands in punishing freshmen.

This famous protein product of corn is composed wholly of the gluten and bran of sound, whole corn. There is less than 8 pounds of bran in each 100 pounds. The Masc. Experiment Station says corn bran is equal to wheat bran.

Corn Gluten Feed is safe in any quantity. Many feeders have fed it straight as a substitute for corn. One ton contains the protein, vitamins and mineral salts of nearly four tons of whole corn.

Feed Corn Gluten Feed with your corn, oats and barley. Your leguminous roughages will supply all the protein "variety" the animal wants or needs. This has been fully demonstrated by practical feed lot experience.

Our \$15,000.00 Prize Contest

On April 1 our Prize Contest will start and the following prizes will be awarded and paid to good feeders:

14 Prizes for Cow Testing Associations	\$ 3,000.00
14 Prizes for Individual Dairy Herds	2,100.00
7 Prizes for Championship Cows	1,000.00
14 Prizes for Beef Cattle Feeders	2,500.00
12 Prizes for supervisors or verifiers	2,650.00
24 Prizes for herd managers	1,250.00
37 Prizes for co-operating feed dealers	2,500.00

122 Prizes, totaling \$15,000.00

Every feeder of six or more dairy cows, or forty or more beef cattle is invited to enter this contest. The rules are few and simple and no entry fee is charged. The contest will end September 30, 1926.

This is a big educational program of a great basic industry. It will be conducted on the highest possible plane and is entitled to the same support given to state fairs and livestock shows.

The rules and conditions are fully given in our Bulletin No. 4. Write for it today.

BASKET BALL SQUAD TO HOLD BANQUET

Celebration Planned to Climax Successful Season

As a fitting termination to a successful season, a banquet for the basketball team will be held in Coventry on Saturday evening, March 27th. It is expected that approximately forty guests will be present, and preparations are being made for a gala evening. The athletic council, coaches, players, and managers will attend, and invitations have been sent to many of the former captains of basketball teams at Connecticut. President Beach will be present as guest of honor. Contrary to custom, it has been planned this year to have a mixed gathering, and the wives of the coaches and members of the athletic council, as well as the feminine guests of the players, will be present. Dinner will be served at six-thirty, after which a program of speeches and short talks will be enjoyed. Following the speeches, the College Orchestra will furnish music for dancing, and tables for bridge will be set for those who do not care to dance.

LISTEN GIRLS!

We have a Co-ed fair to meet,
She has figure, form, and grace;
We think she's mighty nice
And yes, we like her face.

But Oh her disposition,
Her haughty ways and airs,
Have crushed her charm and beauty
To where no Aggie cares.

We want the charm of sex
In soul as well as form,
—And that is what we're after
When you see us at the dorm.

Oh Kid, please hear our plea,
And give us just one date;
We'll have a little party
And won't come in till late.

You'll never get a better man
Than an Aggie lithe and fair,
Now Kid just crack a smile
And can that glassy stare.
